## **New Brooklyn Author Resurrects the Art of Good Storytelling**

**Brooklyn, NY** — In a time where Reality TV capitalizes on society's television watching habits, makeshift paranormal thrillers and watered-down romantic comedies fill the theaters, and viral videos of bus drivers gone mad are our greatest forms of entertainment, it's no wonder why good novels are so scarce. However, this creative brother sought to think "outside the box" by taking suspense, drama and romance to a whole new level.

***Dangerously In Love* (ISBN: 978-1-4675-4935-6); LCG Publishing; \$14.99; Paperback; November 20, 2012** is the brilliant creation of new author, **Karl Delk Jr.** Delk says disappointment from reading cliché urban novels was the inspiration behind this witty, yet controversial masterpiece.

*"The first novel I read was, *The Coldest Winter Ever* by Sista Souljah. I then fell in love with urban novels until each and every one I read was all cliché and soon became farfetched and boring. I knew I could do better."*

Don't be fooled by the title, *Dangerously In Love* is nowhere near the sultry, soul-bearing love song released by Beyoncé. In fact, at the time of its creation, Delk had no idea of the song. He says he began writing without a title and the name came to him over and over again. Once penned, he says several friends brought the Beyoncé track to his attention. It was a six-year process that left him with a newfound respect for fiction writers.

*“What I thought was easy, was actually difficult,”* he says.

Delk says that his main focus was to stay away from the stereotype that young black men can only write “urban novels.” He also prides himself on having a vivid and wild imagination. *Dangerously In Love* definitely portrays those skills and then some.

*Dangerously In Love* is the story of Victoria English, a 40-year-old widowed mother of 3, who appears to have the perfect life. She is engaged to Crown Height’s most eligible bachelor, the young and strikingly handsome Reverend Matthew Singapore. Matthew is one of the most respected and admired ministers in Brooklyn, New York. But little does Victoria know, Matthew’s love is to *die* for.

Not only is Victoria consumed by the thought of becoming Mrs. Matthew Singapore, but she is also due to inherit millions of dollars from her first husband’s death... a reward that not only she anticipates. Victoria’s perfect world comes to a screeching halt when Andre, her only son, disrupts her wedding ceremony and later becomes the prime suspect in her attempted murder. However, in this twisted tale of lust, greed, sex, deception and murder, everyone becomes a suspect.

Not only is *Dangerously In Love* guaranteed to keep you entertained, but the shock value is non-stop! No one is who they appear to be. Delk’s descriptive, articulate and sarcastic wit will assure readers everywhere that *Dangerously In Love* is no “urban novel”, but an account of how real love translates into a dangerous reality.

*Dangerously In Love* will be available for sale exclusively at [www.lcgpublishing.net](http://www.lcgpublishing.net) on **November 20, 2012**. For more information on Karl Delk Jr. and/or this project, please contact [info@lcgpublishing.net](mailto:info@lcgpublishing.net).
